## The Value Climax Has Been Attained Beautiful Ostrich Trimmed Hats, \$5

Perfection, beautiful trimmings are expressed in each ostrich feather, and the general application of color are factors that very surely remove these hats from anything commonplace. If we had a hundred exact illustrations of these hats, we would be unable to convey a true definition of the importance of this offer. You will need to see them and realize, as hundreds of other women have realized, that such Hats have no counterparts, at least not here in Washington. When we say that such Hats are actually worth \$8.00 and \$10.00, we feel conservative in the statement. Take the shape and style most adapted to your individual requirements at the public protection feature price of \$5.00.

## ROTHSCHILD INDICTED ON FORGERY CHARGES

Grand Jury Finds True Bills in Two  
Cases Against Missing Wash-  
ington Attorney.

## OTHERS UNDER INDICTMENT

Attorney David Rothschild, of this city, who has been missing for several weeks, was indicted on two charges of forgery yesterday by the grand jury. A warrant was sworn out for him in the Police Court in September, charging him with having embezzled \$200 from the firm then conducting the Bijou Theater. One indictment charges him with forging the name of his brother-in-law, Barnard Herman, to a note for \$1,200 as indorsement; the other that he forged a note for \$2,000, signed Sarah Dodson, whereby he was promised to pay Katie F. Hall that sum. Both notes were inscribed "secured by deed of trust," and both are said to have been sold to Katie F. Hall.

Fraudulent use of the mails is alleged against Robert A. Hamilton in another indictment. It is charged that he misappropriated money collected through the mails, as he pretended, to buy Col. George W. Goethals, governor of the Panama Canal Zone, a Christmas gift.

Other indictments were as follows: Newton Lowry and Elizabeth May Boyer of adultery; John B. Harris, embezzlement; Julius Ruddle, receiving stolen property; John Jackson, manslaughter; Robert Digges, murder in second degree; William Jenkins, housebreaking, three charges; Albert B. Cook, violating section 81b, District of Columbia Code; Amanda White and James D. Gott, adultery; Arthur Ogden and Philip Baker, assault with intent to kill, assault with intent to rob and assault with dangerous weapon; Frank Lewis and Lewis Herbert, violation of section 82b, District of Columbia Code; Arthur Tabbs, assault with dangerous weapon; Ransom Williams, housebreaking and with larceny; Albert Green and William Jackson, adultery; William Stokes, assault with dangerous weapon; Arthur G. McCartney, embezzlement (two charges); and forger, Stanley Arnott, violating section 82b, District of Columbia Code; John Miller, larceny from United States; Mary King, Dorothy Phillips, Mary Pearl and Rose Phillips, receiving stolen property; Robert J. Helt, violating section 8b, District of Columbia Code; Abraham Gersowitz and Joseph Shapiro, receiving stolen property; William Payne, housebreaking; Paul H. Cadie, false pretenses; Clarence Boone, assault with dangerous weapon; Ulysses S. Ware and George Newton, robbery; James E. Little, assault with dangerous weapon; Charles A. Rudd, Archibald H. Pearce and Herbert W. Jones, nonsupport; William S. Landstreet, grand larceny; William S. Landstreet, nonsupport; Vera Dickson, forger; Frank A. Black, false pretenses; Harry Lamon and John V. Cooke, violating section 81b of Code; Anthony Wisconsin, nonsupport; and Carolyn E. Crump, embezzlement.

## In the District Courts.

The will of William H. Robeson, a Washington attorney, who was stricken in his office last Saturday and died shortly afterward, was filed for probate yesterday. The whole of the estate is left to his wife, who is also appointed executrix.

The will of Charles A. Sichel, also filed yesterday, gives to his wife, Mrs. Mary P. Sichel, all except \$500 invested in a farm in Fairfax County, Va. That is left to his children, Aida V. and Florence P. Sichel.

Aloysius C. Joy, confectioner, of 714 Seventh street northwest, filed a voluntary petition in bankruptcy yesterday in the District Supreme Court. His assets are scheduled at \$1,200.72 and his liabilities at \$2,301.64. H. W. Sobon is his attorney.

Alleging that A. W. Kelley called him certain names, Charles B. Welmsler sued him for slander yesterday in the District Supreme Court. Only \$200 is asked. Attorney F. S. Klein appears for the plaintiff.

United States yearly loses \$80,000,000 worth of hogs by cholera.

## JUSTIFY WAR ON SCHOOL "FRATS"

Authorities at G. W. U. Characterize It as Defensive Measure.

## SEND WARNING LETTER

Smaller Sororities Held to Blame for Legislation to Forbid Existence of Organizations.

Steps taken by the three sororities of George Washington University to shatter the sororities of the Washington high schools and scatter the pieces to the four winds were characterized as purely defensive measures at the university yesterday.

Prof. McNemar, the member of the faculty supervising the activities of the various societies, himself a fraternity man, who attended a recent national fraternity convention as a delegate, spoke on behalf of the fraternity men at the university, and Miss Polly Hull, secretary of the National Pan-Hellenic Association, which is leading the fight against the high school organizations. This is the reason university sororities, Cal Omega, Sigma Kappa and Pi Beta Phi, which are co-operating with the Pan-Hellenic Association.

## World War School Members.

Therefore, according to Miss Hull, it has been found necessary to take steps toward the abolition of the unimportant high school organizations for the sake of the valuable nation-wide organizations. This is the reason given for the letters sent to the principals of the five local high schools, explaining that after September 1, 1915, no members or alumni of high school sororities will be admitted to membership in any of the Greek letter college organizations unless they forego all connection with the high school sororities, giving up their pins and having their names crossed from the sorority lists.

Dr. Emory Wilson, principal of Central High School, said last night in reference to the letter sent out by the sororities of George Washington: "Abolish high school sororities? I fall to see how the measures proposed by the college organizations will deal a death blow to the societies of the high schools. The plan is simply an agreement among the college societies not to admit girls from the sororities of the high schools. The majority of the high school girls do not go to college and therefore this agreement would have little effect on the smaller organizations. Of course, there would be individual cases of girls who would be prevented from forming sorority associations in high school, but that would not kill these associations."

## More Useful Occupation.

Allan Davis, principal of Business High School, declares that it has always been the plan at that institution to give the pupils more useful occupations than the forming of purely social organizations. "We have our bank," he says, "and our school paper, our dramatic societies and debating societies, and I have never noticed a tendency toward sororities. There are none at Business that I know of."

There are two unrecognized sororities at Eastern High School, but Willard S. Small, the principal, declares that their activities are entirely separate from the school.

President Wilson has decided to write a letter to Majority Leader Underwood, indorsing the work of the House of Representatives for the last two years. The letter will be designed to aid the candidacy of those members of the House who have been nominated and are seeking re-election.

The President in this letter will point out in detail the achievements of this Congress and warmly indorse its steady application to the arduous work that devolves upon it.

## THIRD TO REACH FLAG RANK.

Also High Naval Officers.

N., retired, the third Thomas Holdup Stevens of his family to reach flag rank in the United States Navy, who died at his home in Stomach, John Barnard, will be held in St. John's Church at 11 o'clock today. The Military Order of the Caraboa and the Military Order of the Loyal Legion of the United States will attend the funeral. Interment will be at Arlington.

He saw service in the civil war and the war in the Philippines.

## THINK JUDGE WRIGHT HAS ALREADY RESIGNED

Omission of His Name in Full Assignment of Justices Looked Upon as Significant.

## MCCOY TAKES OATH OF OFFICE

That the resignation of Associate Justice Daniel Thew Wright, of the District Supreme Court, is in the hands of President Wilson or the Attorney General is now generally believed to be the case, as his name was entirely omitted from the full assignment of justices to the various branches of the court, announced yesterday.

It had been supposed Justice Wright, should he resign, would continue on the bench until several matters with which he alone is said to be familiar were disposed of. No explanation was vouchsafed by the court in general term. It was suggested by attaches of the court, however, that possibly it had been agreed all around that announcement of the justice's resignation should be left to him. Justice Wright did not call at his chambers at all yesterday, and could not be communicated with. The telephone has lately been taken from his home.

The rumor is still current that he will enter private practice here. There will be another general term of court this morning at 10 o'clock to admit to the bar 150 candidates, and it is expected Justice Wright will be one. Walter Irving McCoy, former representative in Congress from New Jersey, took the oath of office yesterday as the successor of Justice John Barnard, who retired in June. He was sworn in in the chambers of the new chief justice, Harry Covington, a former Congressman from Maryland, who administered the oath in the presence of Justices Anderson, Stanford, and Gould. Court attaches expected Justice Wright to be present. Justice McCoy was chairman of the subcommittee of the House Judiciary Committee that investigated the charges against Justice Wright.

## JOHN S. SCULLY DIES.

Former Banker and Railroad Builder of Pittsburgh, Succumbs Here.

John S. Scully, formerly a banker and railroad builder of Pittsburgh, died yesterday morning at George Washington University Hospital from the effects of an operation. Mr. Scully had been a resident of Washington for the past seven years and was chairman of the board of trustees of the Young Women's Christian Association. Funeral services will be held at his late residence, 1738 Massachusetts avenue northwest, tomorrow afternoon. The Rev. Charles Wood will conduct the service and interment will be in Rock Creek Cemetery.

The following will act as honorary pallbearers: Senator H. L. Myers, of Montana; Henry B. F. Macfarland, Frank E. Carpenter, Albert F. Fox, Lawrence R. Lee, James Philip Herrmann, and Clarence A. Aspinwall.

Mr. Scully, who was seventy years old, retired from active business life before coming to Washington, but displayed a deep interest in all local matters, particularly the development of the Y. W. C. A.

He was an active member of the Church of the Covenant and a member of the Bannockburn Golf Club.

Besides Mrs. Scully, he is survived by four children.

## LIEUT. WHEATLEY DISMISSED.

The dismissal of First Lieutenant William F. Wheatley, Thirtieth United States Cavalry, from the army, following his conviction by a court-martial on charges of conduct unbecoming an officer and a gentleman and drunkenness while on duty, was announced at the War Department yesterday. Lieut. Wheatley was formerly an enlisted man, and was given a commission as an officer three years ago.

## WANT AUDITOR'S OFFICE TO STAY ON FEE BASIS

Washington Lawyers Not in Favor of Change to Salary, Board of Trade Directors Learn.

Washington lawyers don't want to see the office of auditor of the District put on a fee basis, as developed yesterday when, at a meeting of the board of directors of the Board of Trade, the law committee submitted a report which disapproved the House bill to change the system of fees.

The directors approved the report of the committee and decided to refer it to the Board of Trade at a general meeting. The committee also recommended that the board should also ask the Senate to suspend action on the bill—the House already has approved it—until after the meeting of the board. Litigants fare better under the present system of fees than they would if the position were put on a salary basis, it was said.

The Federation of Citizens' Associations twice has approved the bill.

A portion of the bill, in which it is proposed to charge a fee of \$11 a day for the services of the auditor, an assistant and a stenographer, was especially distasteful to the committee. It would increase the fee, it was claimed, that in 20 per cent of cases, the fee of the auditor is \$10 or less; in more than 30 per cent, \$15 or less; in more than 40 per cent, \$20 or less; in more than 50 per cent, \$25 or less; in less than 10 per cent, \$30 or more.

Twenty-four applications for membership were approved by the board. Walter H. Klopfer was elected a director to succeed the late Aldis B. Browne, whose term would have expired in 1915, and Frank P. Rosenda was elected to fill the place of William K. Ellis, whose death prevented the completion of his term.

A letter from the Retail Merchants' Association, asking that the board participate in a celebration of the anniversary of the birth of the District on July 13, 1915, was referred to the executive committee.

## NAVAL ORDERS.

Past Assistant Surgeon B. F. Jenness, retired, transferred to the retired list from October 1, 1914.

## COURT TO HEAR APPEALS.

Acquisition of Property Along Eastern Branch Under Consideration.

The court will listen to appeals today from property owners in square 563, in Twining City, and adjoining the Eastern Branch, in connection with the acquisition of this property for the reconstruction of the Anacostia flats. A jury has visited the site on numerous occasions and has rendered its decision.

J. Paul Green entertained the members of the Brotherhood of St. Andrew, of Emmanuel Episcopal Church last night at his home in Fourteenth street.

Edward P. Wood will endeavor to attend the national convention of the order to be held in Atlanta, Ga., from October 12 to 15, inclusive.

The Washington Yacht Club has transferred its quarters from the east side of the Anacostia River near the Pennsylvania Avenue Bridge to the west side near the gas company property.

On Thursday afternoon next at 2:15 p. m. in the Child Welfare Association of Anacostia will resume its meetings at the Ketchum School.

Anacostia Lodge, No. 21, F. A. A. M., met last evening in the local Masonic Hall with Alfred T. Grimes, master, in the chair. The lodge was minus one of its most important members, in the person of John H. King, secretary, who has held that position for more than fifty years. Mr. King has been compelled to resign his place because he will move to New York City.

## PRESIDENT APPROVES COURSE.

Gratified that McCombs Will Not Take New York Chairmanship.

President Wilson expressed his gratification yesterday at the action of National Chairman McCombs in declining the chairmanship of the New York Democratic State Committee. The President said: "In my judgment, Mr. McCombs has done the right thing. It would not be wise for the national chairman to withdraw his attention from the national campaign to conduct a campaign in a single state."

Friends of the President did not interpret this as indicating any lukewarmness on the President's part toward the New York candidate. Officials expect that Mr. McCombs will give special attention to the New York campaign without assuming any official connection with the state committee.

## BASIS OF AGREEMENT ON COPPER SHIPMENTS

Secretary Bryan, Senator Smoot, and British Ambassador Unite on Best Method.

The basis of an agreement with regard to shipments of American copper to neutral countries during the war, Europe was laid yesterday as the result of conferences at the State Department between Secretary Bryan and Senator Smoot, of Utah, and the Secretary and the British Ambassador, Sir Cecil Spring-Rice.

The conference developed the fact that all three of these concurred. Senator Smoot, representing the American Copper Interests, were of one mind as to what is the best thing to do. All are of opinion that the best solution lies in obtaining from neutral countries, notably Holland, an agreement to import copper only in such quantities as are needed for domestic consumption, and to prevent the exportation of copper to the countries enemy to Great Britain, notably Germany.

As a matter of fact, the Dutch government is quite as much interested in such a solution of the question as the American copper shippers. Holland ranks

next to Germany in the amount of her copper consumption, Germany being the largest consumer in the world.

On an average the hauls on an adult's head number about 140,000.
